“The *1:38 Women’s Conference* is an important opportunity for women to do something for themselves spiritually in an environment geared exclusively to them. I am proud to have this conference take place in our diocese and I encourage women to make the effort to participate in it. The investment of just half a day is rewarded with the chance to revitalize your faith in the company of many other women who, like you, want to live and grow in their faith in the rough and tumble of everyday life. I look forward to spending this day with you and pray for God’s blessing upon the conference.”
